National Society of Allotment and Leisure Gardeners Ltd

Quick guide to Login

ABSTRACT

Quick Instruction manual for members on how to login to the website.

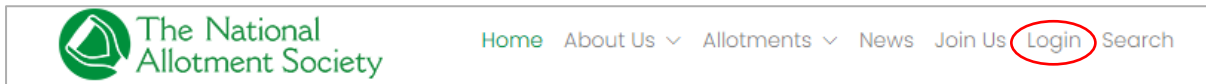

The National Allotment Society

March 2025

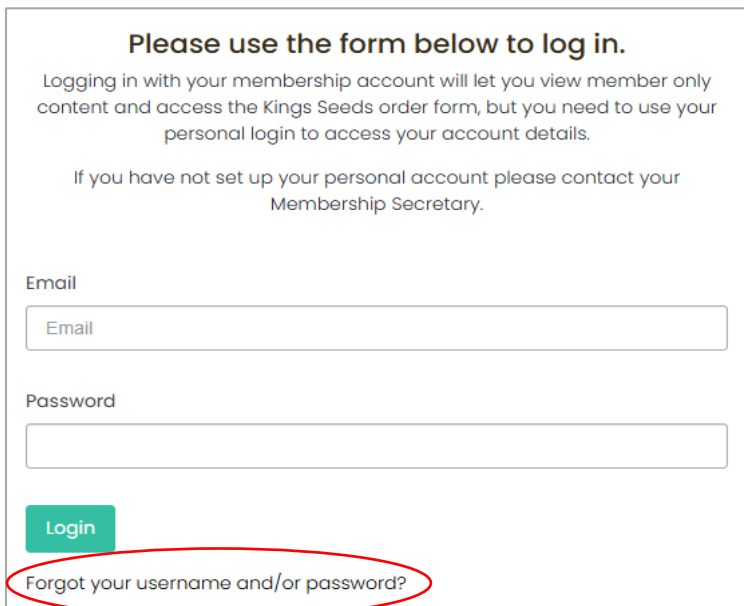

1. How to Log on for the first time

Website address – www.thenas.org.uk

In the top right hand side of the website, please click on 'Login' on the menu bar.

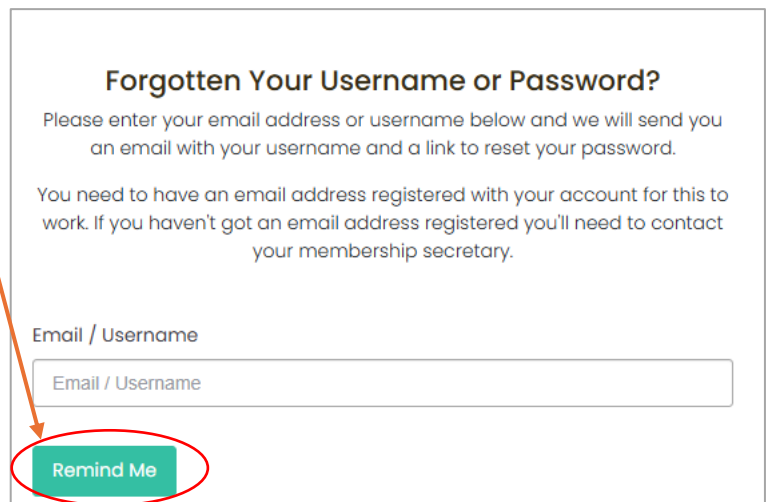

On the next page, pass the first section and immediately click on “forgot your username and/or password?” button.

The image shows a login form titled 'Please use the form below to log in.' It contains instructions about logging in with a membership account and a link to contact the Membership Secretary if the account is not set up. Below the text are two input fields: 'Email' and 'Password'. At the bottom left of the form is a green 'Login' button, and at the bottom right is a link that says 'Forgot your username and/or password?'. This link is circled in red.

You will then be taken to the following page where it will ask you to put in your email address and click “Remind me”

Once you have done the above, it will send a link to your email address where you will be able to set up your own password.

When you have set a password for yourself, you can then go back to the login page – (thenas.org.uk/login) – and put in your email address and password to login to your account.

The image shows a form titled 'Forgotten Your Username or Password?'. It asks the user to enter their email address or username and promises to send an email with their username and a link to reset their password. It also notes that the user must have an email address registered with their account. Below the text is an input field labeled 'Email / Username'. At the bottom of the form is a green 'Remind Me' button, which is circled in red. An orange arrow points from the 'Forgot your username and/or password?' link in the previous form to this 'Remind Me' button.

Once you have signed in, you will automatically go through to your members' home page.
